Minimig demo

Jerry brought in a MiniMig v1.8 for everyone to play with.

Archiving legacy club media

We discussed the new AmigaZette and DOM pages on the website. To date we have had minimal response from members with material to archive. Brian has volunteered the materials from his collection to be archived. Chris is going to review and organize that project.

IDE drives from Jerry/Bill C

Jerry brought in some IDE drives that Bill Clay donated to the club. One is a fully functional OS 3.9 drive. There were a couple of smaller windows drives that are cleared out and formatted for re-use. There were several bad drives. No one wanted to explore them further so they have now been e-wasted.

Moving December meeting date to avoid marathon

It's been pointed out that the December meeting traditionally lands on the same day as a big Marathon in town that severely disrupts traffic for several members. We decided to try moving the December meeting back to avoid this conflict.
